Dear Community Supporter:

The National Coalition of 100 Black Women Inc., Delaware Chapter (NC100BW DE), is a non-profit, 501(c)3 organization, whose *mission is to “advocate on behalf of Black women and girls to promote leadership development and gender equity in the areas of health, education and economic empowerment.”* A volunteer-led organization, NC100BW DE embraces a vision to see Black women and girls live in a world where socio-economic inequality and stark inequities no longer exist. Founded in 1995, NC100BW DE is one of 61 chapters throughout the United States, with a current chapter membership of 81.

NC100BW DE seeks in-kind donations of goods and services to support our signature fund raising event, the *Gentlemen’s Cook-Off*. The event will be held on October 14, 2023 at the historic Hagley Museum Soda House. All proceeds from the event support our year-round health, education, and economic empowerment and scholarship award programs.

As a way to support our event, we are requesting donations to support our silent auction. All In-Kind contributions will be acknowledged on event signage. We will also promote your business during the event through complimentary print ready advertisement as well as highlight your business on our website. Should you agree to support our event, a member of our team stands ready to pick-up any donated items from September 1st through October 10th, 2023.

An In-Kind Contribution for our auction from your company will go a long way to defray event expenses and increase revenue raised to support our annual programs. Between 2020 and 2022 alone, NC100BW DE , through its virtual and in-person events, reached more than 9,000 individuals through service in our various pandemic, leadership development and gender equity focused programs.

To read more about NC100BW DE’s programs, please go to <https://www.ncbwde.org/programs>.

We look forward to an opportunity to discuss our request with a member of your team. We thank you in advance for considering a donation to assist with sustaining NC100BW DE's ongoing mission.

Sincerely,

Melanie S. Daniels
